# Seattle Police Accountability Reform

Enhancing & Sustaining Effective Civilian Oversight

Seattle Mayor Ed Murray has transmitted to the City Council the strongest police accountability reforms in the City's history.

## Growing Community Leadership

Transforms the Community Police Commission into a permanent community-led oversight body with a lead role engaging with the community on a range of police accountability issues. The CPC will monitor implementation of policies to ensure they reflect community values.

## New Office of Inspector General

Establishes a new, fully independent Office of Inspector General outside the Seattle Police Department. OIG has jurisdiction over all SPD policies, procedures, and operations. Empowered to investigate patterns of misconduct, review major incidents, and examine disciplinary system.

## Fully Independent OPA

A fully independent Office of Professional Accountability comprised of civilianized supervisors and a mix of sworn and civilian investigators. OPA will improve internal investigation processes and its policies will apply to all at SPD regardless of rank.
